

# Unique toys that let parents help children in need

As last minute holiday shoppers search for [toys](#) for the little ones for [Christmas](#), consider giving a unique toy that also helps children in need. Whether you're shopping for your child, a niece or nephew or a friend's child, [Creative Kidstuff](#) offers many toy choices that are educational, engaging and fun for kids of all ages -- and each purchase helps donate toys to children in need.

Creative Kidstuff has seven retail store locations in Minnesota, filled with quality play things and a knowledgeable staff. In addition, internet shopping options let parents everywhere find the perfect gift while helping other children. Creative Kidstuff partners with [GreaterGood.org](#) to benefit causes that help children in the United States and around the world with new toys, coats, books and shoes.

Shop by age or interest, find educational or developmental toys, nurture a child's love of science or pick a gift that's perfect for road trips. At Creative Kidstuff, you'll also find toys geared to help enhance the play and development of children on the autism spectrum. Examiner asked Creative Kidstuff Vice President Happi Olson a few questions about shopping for educational and developmental gifts for kids...

## Educational Toys

The **Ozobot** Smart Programmable Robot is one of the world's smallest programmable robots. It's just one-inch tall but teaches coding and programming basics. Your child can control the Ozobot with markers, master brain teasers, DIY projects, STEM activities, and even program it to dance.
